ACROSS
1 Slope of the Price Yield Curve
3 Curvature of the Price Yield curve
7 Internal Rate of Return on a bond if all payments are made as contractually specified
9 When the price equals the face amount of the loan
10 Weighted by PV term to maturity
11 The risk that the price of the bond will fall
12 First derivative of the Price Yield curve
14 The risk that coupons payments cannot be reinvested at the same yield
15 Coupon Rate
16 Something I barely remember from calculus class
17 Negotiable evidence of debt
18 The annual income on a bond as a percent of the base price of the bond
19 Internal Rate of Return on an Investment
20 The full set of price & yield combinations for a bond at one point in time.
21 The equivalent Internal Rate of Return under the assumption of semi-annual compounding

DOWN
2 The equivalent Internal Rate of Return under the assumption of annual compounding
4 fee charged by a lender as a percent of the amount of the loan
5 Investing so that price and reinvestment risk offset each other
6 date on which the loan is due
8 The illusion that the return on the bond does not depend on reinvesting the income flow at the same rate
13 Internal Rate of Return on a bond from purchase to sale
